

## Acyl Halides

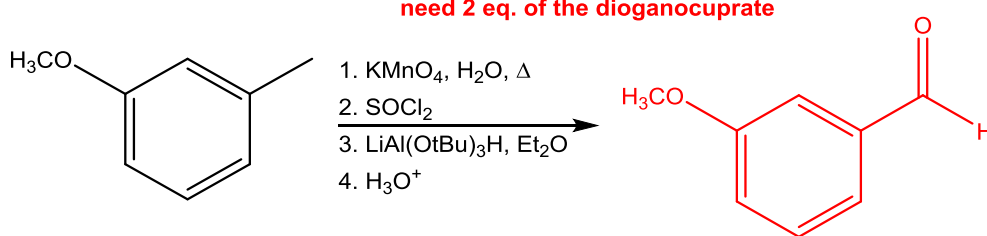

Hydrolysis, Alcoholysis, Aminolysis/Ammonolysis, Alkylation, Hydride Reduction

Ex. 1: Predict the major product for the following:

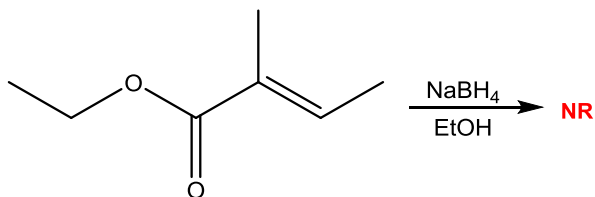

a)

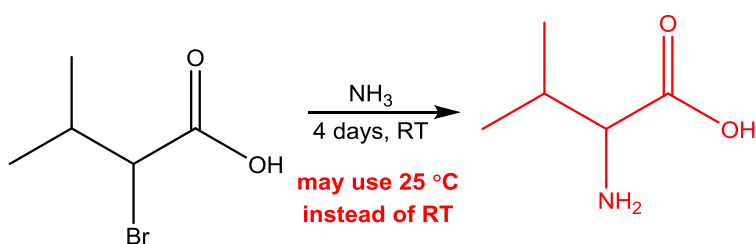

b)

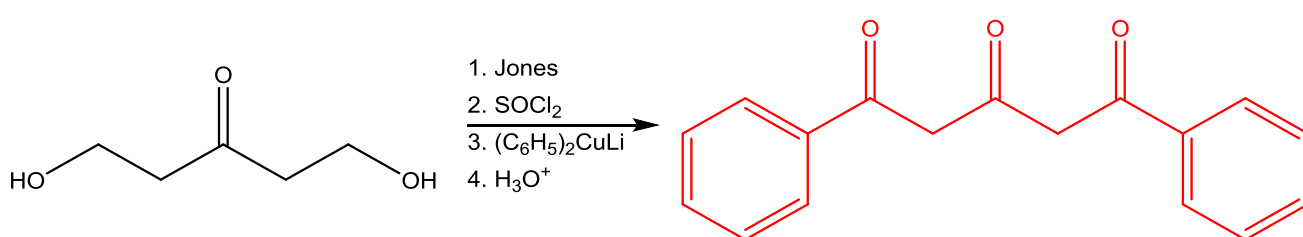

c)

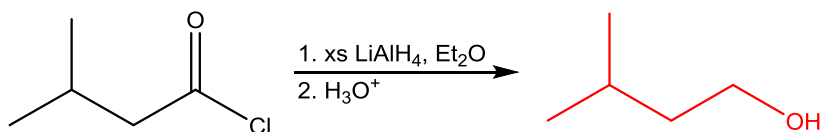

d)

e)

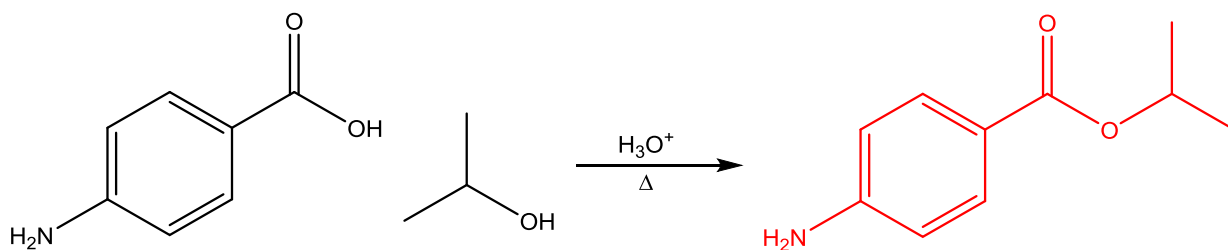

f)

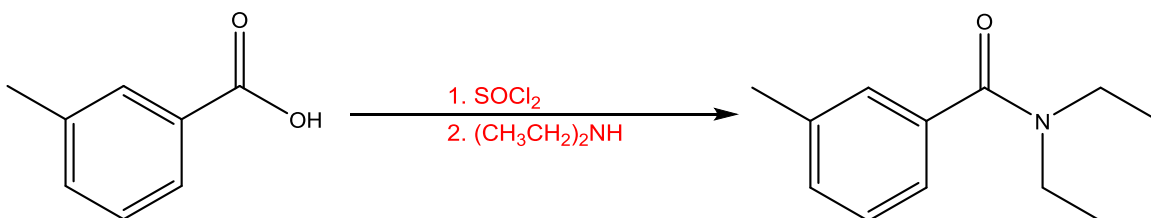

**Acyl Halides**

Hydrolysis, Alcoholysis, Aminolysis/Ammonolysis, Alkylation, Hydride Reduction

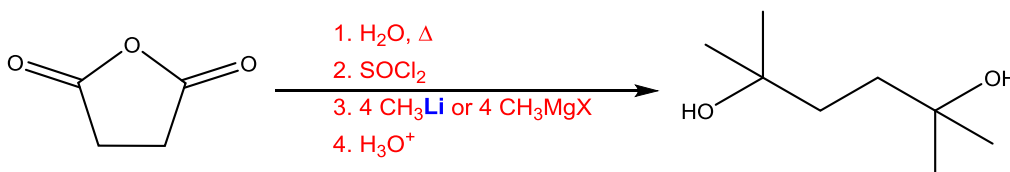

g)

**Ex. 2:** Propose a synthesis for the following transformations:

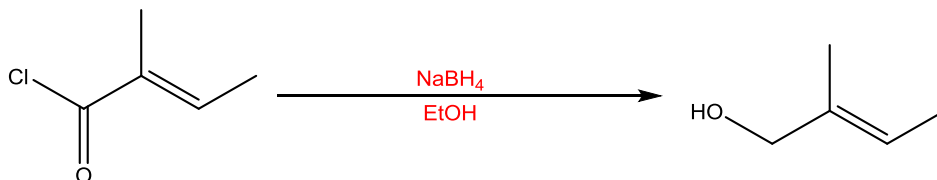

a)

b)

c)

**Ex. 3:** Predict the products and propose a mechanism for the following transformations:
